

No Smoking Policy

In accordance with the National Standards produced by the Department for Education and Skills I have a no smoking policy in my home.

No-One is permitted to smoke in my home.

Where reasonably possible I will ensure that no-one smokes in an outside play area when the children in my care are present or about to be present (although this may be difficult, for example at a public park).

Date policy was last reviewed	21/05/2016
This policy is due for review on the following date	21/11/2016
