

Other Adults in the House Policy

There are other adults in the house:

STEPHEN MORRIS - Husband

Stephen has undergone Criminal Record Bureau Checks and received clearances. He is very supportive of my chosen career as a Childminder and assists me in any way he can.

If he is at home when I am minding he will interact well with the children and is a good role model.

I encourage him to join in with the activities and the children respond well to him.

Although he has been thoroughly checked to be suitable to be near young children, I would like to reassure you that at no time is anyone, other than me, allowed to help the children with their intimate care, i.e. nappy changing and toileting. This is to protect your child and to protect my family from any possible allegations of abuse.
